Grown-up guide

Learning objective

Practise listening, turn-taking, boundaries and simple repair after small conflicts.

Use this pack well

- Model the first example aloud, then let the learner try.
- Ask “How do you know?” more often than “Are you finished?”.
- Use real objects, talk, movement or observation when the activity suggests it.
- Stop or shorten the session if attention or enjoyment drops.
- Open-ended pages can have many successful answers.

Quality note

This resource was written originally for BrightPencil Kids. Curriculum sources informed scope and progression only; no third-party worksheet or story text is reproduced.

Learn the idea

1 good listening includes attention and response

2 sharing does not mean giving up every boundary

3 repair can include apology plus action

Talk about it

Explain one idea in your own words. Give an example from real life, a drawing or an object if that helps.

Choose a helpful listening response.

Practise a fair turn-taking sentence.

Identify when “no” should be respected.

Rewrite an unhelpful conflict sentence into a calmer one.

Plan a repair after accidentally damaging a friend's drawing.

Try it beyond the page

Real-world / hands-on connection

Try one activity in real life with a trusted adult or teacher and discuss what worked.

Before you finish

What did you notice?

What evidence, object or example helped you?

What would you change if you tried again?

Create something

Your project

Create a two-person role-play showing listening, boundary and repair.

Use this space for planning, drawing, mapping, designing or notes.

CHALLENGE

Think deeper

1. What did you learn about yourself or your strategy?

2. Who can support you with this skill?

3. What is one small next step?

Quick review

1. In one sentence, explain the big idea of “Friendship Skills: Listen, Share, Repair”.

2. Draw or write one example that shows you understand.

3. Choose one activity from this pack and explain the strategy you used.

4. Write one question you still have.

Answer & discussion notes

Use these as guidance, not scripts. Open questions can have different successful responses when the reasoning is sensible and evidence-based.

1. Suggested response

Reflective responses vary; look for a specific example.

2. Suggested response

A trusted adult/teacher/family member may be named without private details.

3. Suggested response

The next step should be small and achievable.

Review before publication
