

BRIGHTPENCIL KIDS

Pencil Control Paths

Preschool | Ages 3-4 | Early Learning

This pack helps learners practise

Straight, curved, zig-zag and looping paths for early pencil control and pre-writing practice.

Print-friendly | Original learning content | Adult-guided

1. Keep it short

Use one or two activity pages at a time. Younger learners benefit from short, positive sessions.

2. Read the directions

An adult can read instructions aloud and model the first example when helpful.

3. Encourage thinking

Ask the learner to explain a choice, count aloud, sound out a word, or describe what they notice.

4. Revisit later

Repeat a page after a few days if the skill is still developing. Progress matters more than speed.

Name field

Write the learner name only on your printed copy if you wish. The public website does not need a child account to use this resource.

Samrit can start at the left and trace slowly to the right. A grown-up can model the first line.

What felt easy?

What would you like to practise again?

Show what you know

Explain one idea from this pack to an adult, or create one new example of your own.

Great work!
