Grown-up guide

Learning objective

Work cooperatively by agreeing a goal, choosing roles and checking how the group is working.

Use this pack well

- Model the first example aloud, then let the learner try.
- Ask “How do you know?” more often than “Are you finished?”.
- Use real objects, talk, movement or observation when the activity suggests it.
- Stop or shorten the session if attention or enjoyment drops.
- Open-ended pages can have many successful answers.

Quality note

This resource was written originally for BrightPencil Kids. Curriculum sources informed scope and progression only; no third-party worksheet or story text is reproduced.

Learn the idea

1 teams need a shared goal

2 roles can rotate

3 fair participation is more than everyone doing the same job

Talk about it

Explain one idea in your own words. Give an example from real life, a drawing or an object if that helps.

Choose roles for a poster project.

Spot a teamwork problem in a fictional group.

Suggest two ways to include a quiet team member.

Plan what to do if two people want the same role.

Review whether the group goal was met.

Try it beyond the page

Real-world / hands-on connection

Try one activity in real life with a trusted adult or teacher and discuss what worked.

Before you finish

What did you notice?

What evidence, object or example helped you?

What would you change if you tried again?

Create something

Your project

Build a small paper structure with a partner and switch roles halfway.

Use this space for planning, drawing, mapping, designing or notes.

CHALLENGE

Think deeper

1. What did you learn about yourself or your strategy?

2. Who can support you with this skill?

3. What is one small next step?

Quick review

1. In one sentence, explain the big idea of “Teamwork: Roles, Plans & Fair Turns”.

2. Draw or write one example that shows you understand.

3. Choose one activity from this pack and explain the strategy you used.

4. Write one question you still have.

Answer & discussion notes

Use these as guidance, not scripts. Open questions can have different successful responses when the reasoning is sensible and evidence-based.

1. Suggested response

Reflective responses vary; look for a specific example.

2. Suggested response

A trusted adult/teacher/family member may be named without private details.

3. Suggested response

The next step should be small and achievable.

Review before publication
